COWAP

Constructionline
Gold Member

Who Are COWAP?

- Established in 2000, based in Greater Manchester and Dewsbury.
- We have a strong reputation for reliability, expertise and customer commitment.
- We are proud to be industry leaders and specialists within the construction sector.
- We are always focused on continuous improvement and our company vision is to establish new, ground-breaking industry standards for health and safety, innovation and customer service.
- Our main services are:
 - Fabrication Certified to BS EN 1090 Execution Class II
 - Mobile Welding
 - On-site installation works / alterations
 - Operated Plant Services (including Specialist Road Legal Plant)
 - Screw Piling Installations
 - Steel Repairs
 - HGV Haulage
- Our experience and expertise have helped to deliver many large projects within the construction sector over the years.
- We have a range of multi-disciplined teams available that work on sites across the UK.

COWAP

What Do We Do Differently?

COWAP invests heavily in both operative training and the relevant industry accreditations, which in return allows us to deliver a “One Stop Shop” service to our customers.

Our multi-skilled workforce enables us to react to our customers requirements and support on-site and off-site for urgent issues.

We have the capability to fabricate our customer designs / requirements from our 10,000 (ft²) workshop in Manchester & our 87,000 (ft²) site in Dewsbury. Our experience allows us to seamlessly support with all on-site installation works.

We can also support with providing various items of plant equipment with certified / highly skilled operators.

Our current accreditations / certificates include:

- ISO 9001, 14001, 45001
- BS EN 1090
- Coded Welders (BS EN ISO 9606-1:2017 - BS 17660-1 2006)
- WPQR's (Welding Procedure Qualification Records)
- Helical Pile Installations & Supervision
- RISQS (audited status), codes include:
 - C.C.1.1 - Masonry Structures
 - C.C.3.2 - Piling
 - C.C.3.4.5 - Arc Welding
 - C.C.3.4.7 - Access Way & Steps / Metal Fences / Plastic Fences / Boundary Gates
 - C.D.1.1X - Foundations (Piled)
 - C.D.2 - External Walls
 - C.D.7 - Modular Platforms
- PTS (Personal Track Safety)
- CPA Membership
- Constructionline Gold
- SSSTS & SMSTS
- CPCS including: Telehandlers, Tractors, 360 Excavators, Loader / Securer, Slinger / Signaler
- PASMA
- IPAF
- SSIP

Previous Projects

- Rail Infrastructure
- Telecommunications
- Environmental
- Civils
- Highways

- 10,000ft² Fabrication Workshop
- Pipe, CHS & SHS 3D Profiling
- 10,000 KG Lifting Capacity
- BS EN 1090 Execution Class II
- Bespoke Design

- BSEN 1090 Execution Class II • Structural & Architectural Fabrication and Welding
- HGG 3D Profiling • 6m x 2.5m Plasma Table • Bespoke Design

Fabrication Capabilities

UK-Wide Rail Infrastructure

Fabrication & Installation for:

- Relocatable Equipment Buildings (REB's)
- Mobile Phone Towers
- Cantilever
- OLE Masts
- Pile & Civil Foundations
- Screw Piling

TransPennine Route Upgrade

High Profile Fabrication & Installations:

- Bespoke Boundary Fencing
- OLE & Accessories
- Mobile Welding & Fabrication
- Parapet Walls
- Specialist Stonemasonry
- Architectural Fencing

Cambridge South

Scope: Digging trial holes, installation of 12nr. screw piles, assembly and installation of 3nr. signal gantries. All works completed on schedule during weekend blockades.

Bespoke Fencing Solutions

Bespoke Fabrications

Specialist Stonemasonry

Parapet Walls

TransPennine Route Upgrade

Locations Include:

- Morley Station
- Huddersfield Station
- Countess St
- Batley Station
- Stalybridge Station
- Osbourne St
- Miles Platting Jct
- Grenville Terrace Bespoke Fencing
- Rassbottom Industrial Estate

Leamington Spa Raised Walkway

- 150 Meters
- On Time
- 100 Screw Piles
- On Budget
- One Team
- One Stop Shop

Telecommunications

COWAP Partnered with FLI to renew and install Telecommunications masts all over the UK. The project involved the design and installation of bespoke baseplates and foundations for new& existing masts in remote regions of England & Scotland.

Civils

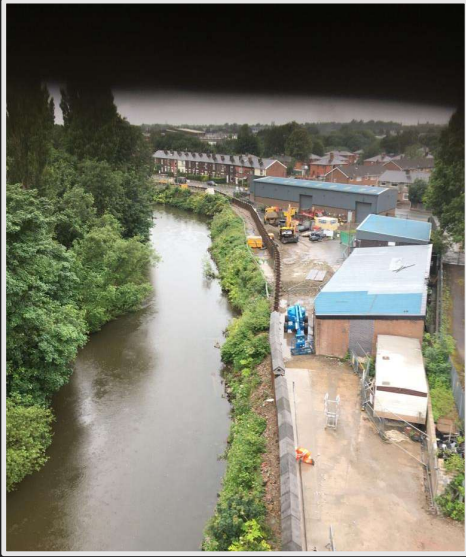

- ASP Foundations
- Retaining Walls
- Palisade & Armco Fencing
- DNO Foundations
- FPP's
- Temporary Hard Standing

Work on The Ordsall Chord started back in October 2015. The project's main purpose was to create a link between Manchester's main train stations for the first time; Oxford Road, Manchester Piccadilly and Manchester Victoria Station.

COWAP supported this major initiative with mobile welding / on site fabrication services as well as supplying various items of plant equipment and operated plant services.

Manchester Ordsall Chord

Flood Defence Schemes

We have undertaken work on the £40M Radcliffe and Redvales Flood Alleviation Scheme. Providing better protection to over 870 properties from the effects of flooding.

Our role consisted of mobile welding and fabrication services and the supply of various plant and equipment throughout the project.

Highway Maintenance

Over the past 10 years, we have been working with various customers within the Highways sector, where we have been providing services including bespoke platform installations, and re-bar welding on motorway bridges. Our work has covered various large infrastructure projects on the M4, M5, M6, M62 and M50 .

- Operated Plant
- HGV Transport
- **Road Legal Tractors**
- De-Veg Equipment
- Telehandlers
- Fuel Bowsers
- Water Tanks
- Fitters
- Tower Lights
- Excavators
- Dust Suppression
- Specialist Trailers

Plant & Equipment Services

Plant Equipment & Compliance Details

Operated Plant:

- Agri-Plus spec telehandlers (c/w 10t gross hydraulic tow hitch), 520-40, 536-70, 536-95 & 541-70 models.
 - Hydraulic pan mixer
 - Hydraulic brush attachment
 - Carpet pole attachment
 - Extra length fork tines (eliminates slide on fork extensions).
- Road Legal Tractors 40hp to 225hp.
 - O/License (Standard National)
 - EU driving hours compliant
 - HGV C+E (Class 1) drivers
 - Hire & reward full insurance
 - Road Legal (General Haulage tax category)
- Excavators
 - 3.5 tonne
 - 5.0 tonne
 - 8.8 tonne
 - Flail mower / various buckets / block grab / breaker attachments
- HGV's
 - 7.5 tonne tipper
 - 32 tonne beavertail
 - Artic & low loader
 - Artic & tipper
 - Bespoke trailers

Attachments

- Various size low loader plant trailers, c/w edge protection and cameras.
- Specialist low loader trailer (10t payload, 6m x 2.5m bed, low level 450mm height)
- 10 tonne tipper trailers (c/w cameras)
- 20 tonne dump trailers (c/w cameras)
- Vacuum Tankers PTO and Hydraulic (c/w cameras)
- Various towable dust suppression systems
- Static 2000L diesel bowzers
- Towable 1000L & 2000L diesel bowzers
- Towable high pressure washers
- 9m TRIME LED tower lights

PTS (Personal Trackside Safety) Certificates:

- PTS
- OLEC

CPCS Certificates:

- A09A: Forward Tipping Dumper – Wheeled
- A10: Excavator 180° below 5 tonnes
- A12: Excavator 180° above 5 tonnes
- A17C: Telescopic Handler – All sizes exc. 360 Slew
- A17E: Telescopic Handler – Suspended load (non-rough terrain)
- A33: Agricultural Tractor
- A34: Crawler – Tractor / Dozer
- A40A: Slinger / Signaller – All Types – All Duties
- A49B: Loader Securer – Non STGO – LGV
- A58A: Excavator 360° below 10 tonnes – Tracked
- A58B: Excavator 360° below 10 tonnes – Wheeled
- A58C: Excavator 360° below 10 tonnes – Lifting Operations
- A59A: Excavator 360° below 10 tonnes – Tracked
- A59B: Excavator 360° below 10 tonnes – Wheeled
- A58C: Excavator 360° below 10 tonnes – Lifting Operations

Investment in New Roles

Operations Support, Project Management & Estimators

Welders & Fabricators

Plant & Machinery Fitters

Plant Operatives

HGV Drivers

Investment in Road Legal Plant (accessing areas that HGV's cannot)

Road Legal Tractors & Agri-Spec Telehandlers

Bespoke Trailers

TRU Investment

Staff & Plant Equipment

- 2 Acre Site
- Conveniently Located
- 0.25 Miles from Ravensthorpe Station
- Storage for Plant & Equipment

TRU Investment | Dewsbury Site

Social Value

COWAP has partnered with The Welcome Centre in Huddersfield.

The Welcome Centre, the UK's largest independent food bank has been running for more than 25 years and supports local people in crisis with basic essentials such as food, toiletries and bedding. In recent years, they have established an in-house advice, guidance and support service offering clients access to grants, 1-2-1 support sessions and signposting.

In the past 12 months, The Welcome Centre has provided a record-breaking 400,000 meals worth of food to local families and individuals in crisis. They have supported 6,500 people with 2,600 of those being children under 16 years old.

COWAP has partnered with The Rail Safe Friendly Programme

The Rail Safe Friendly Programme provides schools and the rail industry with an opportunity to work together towards a common goal to improve rail safety in all schools across the UK. Through this wonderful programme we sponsor primary and secondary schools within our local area to receive rail safety education. Since the programme began, over 20 million students have received education in rail safety.

Innovation

PALGUARDTM

PALGUARD

www.palguard.co.uk [Palguard Video](#)

Introducing **PalguardTM**, the ultimate security solution for those seeking a robust and reliable palisade fencing system. Designed to deter vandalism, trespassing, and crime, this innovative product offers unparalleled peace of mind for property owners.

PalguardTM features a specially designed bracket effectively shielding critical fixings, making it difficult for intruders to compromise your fencing.

Constructed with durability in mind, **PalguardTM** is engineered to withstand harsh conditions, unauthorized access, and tampering. Its compatibility with industry-standard "W" and "D" section pales ensures seamless integration with existing installations, while the option for powder coating in various RAL colours allows for a customized appearance.

Ease of assembly is a key feature of **PalguardTM**, as it clips onto horizontal palisade rails effortlessly and reduces health and safety risks associated with working at height. Furthermore, its adaptable design accommodates challenging terrain, such as inclines and descents. Choose **PalguardTM** for a secure, long-lasting, and hassle-free fencing solution that delivers unmatched protection for your property.
